

Jaya Baloo is a globally recognized cybersecurity leader, consistently ranked among the top 100 CISOs and top 100 security influencers worldwide. She is a leading expert in cybersecurity and quantum readiness.

Baloo brings extensive CISO experience to her role as COO & CISO at AISLE, a AI & Cybersecurity startup she co-founded. With over 12 years of leadership in cybersecurity, she previously served as CISO at Rapid7 and Avast, and prior to that at KPN, the Netherlands' largest telecommunications provider. She served as an Expert in Quantum and Cybersecurity for the World Economic Forum and advised Europol's European Cybercrime Centre (EC3). She was also formerly the Vice Chair of the EU Quantum Flagship and on the board of the Dutch news service, the NOS.

Jaya Baloo currently sits on the audit committee of TIN Capital, a cybersecurity fund, and serves as a board member of Yubico, the Cyber Threat Alliance (CTA), & the DIVD and is on the CTREX Board for the Monetary Authority of Singapore. Baloo also lectures as a faculty member at Singularity University. In 2019, she was selected as one of the 50 most inspiring women in the Netherlands by Inspiring Fifty.

Baloo's distinguished career includes an honorary doctorate from the University of Twente in 2022, awarded in recognition of her inspiring leadership and contributions to cybersecurity advancements.
